

# ATRO ENGINEERED SYSTEMS

## ATRO BUSHINGS

For over 30 years, ATRO Engineered Systems has been manufacturing purpose designed polyurethane bushings and heavy-duty vehicle components. Today, as a market leader in polyurethane suspension parts, ATRO has partnered with PACCAR Parts to offer their full line of long-lasting components to the aftermarket through the complete Peterbilt and Kenworth dealer network. ATRO is still a family owned and operated business, and manufactures 100% of its products in St. Clair, Missouri, USA.

### Features & Benefits

- Longer life
- No maintenance
- Easier installation
- No grease
- Chemically resistant
- Rotating pin/sleeve design
- Zeros out to ride height
- 11 proprietary polyurethane materials

### Applications

- Torque Rods
- Suspension
- Under Hood
- Trailer Parts
- Bus Parts
- Tools

Stock up on ATRO bushings available through PACCAR Parts.
