MUDFLAPS

**Watch Your Dollar
go Further with
Mudflaps You Can
Depend On!**

24 x 30 (61 x 76 cm)

Highly durable and low maintenance make these mudflaps stand out from the crowd. Available in a wide range of sizes and colors to fit your needs.

Features & Benefits

- Molded from high quality virgin rubber to resist cracking, chipping, and curling.
- Fiber-back is a standard feature on the majority of sizes and styles of American Biltrite's mudflaps, in both standard and heavy duty.
- Fiber-back advantages include reinforced mounting holes – pull strength is increased by 400%. Reinforced in the critical flex area. Virtually eliminates breaking and tearing.
- Logos and letters are made of raised rubber. These premium rubber pigments are cured into the flap to stay vibrant for the life cycle of the mudflap. Size fits the majority of trucks or trailers.
- Available in black, white, and a variety of other colors to display the look that you want.
- White rubber provides a clean and bright appearance.
- Virgin rubber splash guards look better longer.
- Quality that lasts so you can be confident your dollars go further.
- Excellent performance that you can depend on.
- Raised rubber letters and logos give a three dimensional appearance for a first quality image that lasts.
